Julia Winkler

Work

Super Keen Studio
New York, NY

Designer
Oct 2025–Aug 2026

Intern
Jul–Oct 2025

Designed brand assets and resources including webpages, typographic systems, animations, iconography, presentation decks, a booklet, social post and email templates, and brand guidelines for clients in the nonprofit, commerce, hospitality and fintech sectors.

Digitized logos and designed a new Squarespace website for Michelin-starred restaurant Mister Jiu’s.

Created motion graphics to bring case studies to life and created a 30-second animated hype reel for client KCTL that was screened for 100+ event attendees at Brooklyn Academy of Music.

FOXP1 Medical
Research Foundation
New York, NY

Independent
freelance project
Nov 2025–Mar 2026

Comprehensively redesigned organization’s brand, delivering new logo, wordmark, art direction, color palette, and typographic system.

Built new website in Squarespace, which entailed designing 15 pages, copyediting scientific language to improve flow and clarity, building custom diagrams and icons, and helping set up Keela plugin to facilitate donor fundraising.

Produced additional brand assets including a deck template, readymade Instagram posts and additional post templates, and social profile pictures and banner images.

Nov 2019–Jul 2021

Graphics and
Communications
Intern (contracted via
DC Sustainable
Energy Utility)
Apr–Sept 2019

Designed internally and externally published flyers, illustrations, reports, diagrams, maps, and icons for digital and print communications supporting Metro’s rail, bus, and sustainability operations.

Led redesign of bus trip progress screens and drafted marketing posters for rail system wayfinding signage improvement pilot in 2023.

Designed diagrams for grant application that secured \$600,000 for railcar air filtration research during pandemic.

Wrote, copyedited, and formatted 2 monthly departmental newsletters and various ad hoc email campaigns to promote workforce engagement and transparency.

Streamlined team’s portfolio management by designing and maintaining team’s project status tracker, compiling weekly updates for leadership, and producing job aid flowcharts.

Co-led Early Career Professionals Network, coordinating events for junior employees in the department to promote camaraderie and professional development.
